

## 2026 EUROPEAN PLOUGHING CHAMPIONSHIPS

We are delighted to host the 2026 **European Reversible Ploughing Championships** in Switzerland. It will be held on Saturday 22nd and Sunday 23rd August 2026 at Hallau/Wunderklingen in the Canton of Schaffhausen. By kind permission of the farmer Sven Vögeli, Hofgut Mühle at Wunderklingen/Hallau. The soil is loam to light sand, perhaps a little bit of stones. 3.5 – 4% Humus, Clay 16 – 26%, Silt 11 – 31% and both days will be stubble ploughing.

The package is for a 4-night stay – Thursday 20th August until departure on Monday 24th August and includes hotel accommodations at the hotel VIENNA HOUSE BY WINDHAM in Schaffhausen, meals and Presentation Dinner.

**Since some of the competition plots are located in Germany, we need to know the brands of the tractors (also the Tractor license plate) and ploughs, as well as the exact names of the ploughmen, for the customs authorities.** The competition equipment must be imported into Switzerland via an official customs office.

There will be a Welcome Dinner for everyone who has booked a package on Thursday evening and all trophies and results will be announced and presented at a Presentation Dinner at the VIENNA HOUSE on the evening of Sunday 23rd August. Departure will be on Monday morning.

Visitors are very welcome, but there will be no organised tours. We can recommend several excursions.

We intend to make the Championships interesting to visitors and will also have a party night on Saturday and vintage tractors and some trade stands.
